

**AVONDALE DENTAL**  
CREATORS OF GREAT SMILES

## At Avondale Dental we are pleased to introduce our new dentist Dr Amy White

The team are very proud to have Amy join us. A highly skilled and professional dentist, Amy has a strong academic and hard working background. She was joint-Dux at high school and graduated from Otago University with first class honours and multiple prizes and scholarships such as the Gold Medal in Clinical Dentistry, Prize in Restorative Dentistry, and Harvey Brown Prize for Excellence. This is an impressive achievement as the recently released QS World University Rankings by subject ranked Otago University School of Dentistry as 8th in the world, ahead of Harvard University. Along with her impressive resume, Amy has a wonderful, gentle personality and gets along well with our team.

Amy enjoys the continual learning needed for dentistry, as well as the artistic and surgical hand skills, and helping people take control of their oral health. She is a highly skilled, gentle and kind dentist.

Amy previously worked as a Dental and Maxillofacial House Surgeon in Christchurch Hospital where she gained a great deal of extra surgical experience and knowledge.

We are excited and pleased that Amy is now a part of the professional Avondale Dental team and look forward to having her take care of our patients.

At Avondale Dental we create great smiles and healthy mouths for life
